

Create a Cleaner World for Our Planet

ABOUT SUTO

With strong manufacturing capabilities and 8 years of experience in the cleaning equipment industry, SUTO provides reliable cleaning solutions for industrial, commercial, and public environments worldwide.

Our products are designed to improve cleaning efficiency, reduce labor costs, and deliver consistent cleaning performance in demanding applications such as warehouses, factories, logistics centers, shopping malls, hospitals, and parking facilities.

Through strict quality control, continuous product improvement, and flexible OEM/ODM services, SUTO works closely with global distributors and professional cleaning companies to provide customized solutions and long-term business support.

Applications

Designed for Efficient Cleaning Across Multiple Commercial and Industrial Environments
Our compact floor scrubbers are engineered to deliver outstanding cleaning performance in narrow aisles, congested areas, and high-traffic environments where larger machines cannot operate efficiently.

 **Retail Stores & Shopping Malls**
Keep retail floors clean, dry, and safe for customers while maintaining a professional shopping environment.

 **Warehouses & Logistics Centers**
Navigate narrow aisles with ease and efficiently remove dust, dirt, and debris from warehouse floors.

 **Restaurants & Cafeterias**
Clean grease, spills, and food residues quickly to maintain hygienic dining and kitchen areas.

 **Office Buildings**
Ensure spotless corridors, meeting rooms, and public spaces with minimal noise and disruption.

 **Schools & Universities**
Ideal for classrooms, hallways, libraries, and cafeterias requiring daily maintenance cleaning.

X20

COMPACT FLOOR SCRUBBER

Suitable for narrow spaces and daily commercial cleaning.

- ✓ Compact mini design fits narrow aisles and tight spaces for efficient floor cleaning.
- ✓ Powerful brush delivers strong cleaning performance on hard floors like tile and concrete.
- ✓ Lightweight walk-behind structure ensures easy operation and flexible maneuverability.
- ✓ Integrated washing and drying function leaves floors dry immediately after cleaning.
- ✓ Durable build quality lowers maintenance cost for long-term commercial usage.

Technical Specifications

Model	X20
Cleaning Width	380mm
Squeegee Width	460mm
Solution Tank Capacity	20L
Recovery Tank Capacity	25L
Brush Motor	200W
Vacuum Motor	150W
Machine Size(L*W*H)	765*475*557mm

X350

COMPACT FLOOR SCRUBBER

Suitable for narrow spaces and daily commercial cleaning.

- ✓ Compact lightweight design, easy to maneuver in narrow aisles, elevators and small-sized work areas.
- ✓ Integrated washing, scrubbing and drying function, leaves floors clean and dry in one pass.
- ✓ Simple control panel with low maintenance cost, ideal for shops, offices and small warehouses.

Technical Specifications

Model	X350
Cleaning Width	350mm
Squeegee Width	450mm
Solution Tank Capacity	10L
Recovery Tank Capacity	15L
Brush Motor	400W
Vacuum Motor	400W
Machine Size(L*W*H)	700*450*1050mm

X380

COMPACT FLOOR SCRUBBER

Suitable for narrow spaces and daily commercial cleaning.

- ✓ Foldable handle design enables easy transportation and storage, saving space in closets or service vehicles.
- ✓ Small footprint, highly maneuverable for confined spaces such as shops, restrooms and elevator cabs.
- ✓ All in one scrubbing and vacuuming function, leaving hard floors instantly dry to avoid slip hazards.

Technical Specifications

Model	X20
Cleaning Width	380mm
Squeegee Width	460mm
Solution Tank Capacity	20L
Recovery Tank Capacity	25L
Brush Motor	200W
Vacuum Motor	150W
Machine Size(L*W*H)	765*475*557mm

X430

COMPACT FLOOR SCRUBBER

Suitable for narrow spaces and daily commercial cleaning.

- ✔ **Ultraslim, lightweight body fits under tables, beds and lowclearance spaces outofreach for large scrubbers.**
- ✔ **Dualbrush design delivers powerful scrubbing performance, handling cleaning and water suction in a single pass.**
- ✔ **Portable and user-friendly, ideal for small shops, restrooms, cafes and mixed residentialcommercial environments.**

Technical Specifications

Model	X430
Cleaning Width	450mm
Squeegee Width	460mm
Solution Tank Capacity	5L
Recovery Tank Capacity	7L
Brush Motor	200W*2
Vacuum Motor	150W
Machine Size(L*W*H)	450*360*1200mm

X400

COMPACT FLOOR SCRUBBER

Suitable for narrow spaces and daily commercial cleaning.

- ✔ Large cleanwater and dirtywater tanks extend continuous runtime for medium sized commercial premises.
- ✔ Intuitive control panel with battery indicator for simple operation by cleaning personnel with minimal training.
- ✔ Onepass scrubbing and suction system leaves hard floors dry, lowering slip and fall risks in supermarkets and lobbies.

Technical Specifications	
Model	X400
Cleaning Width	400mm
Squeegee Width	580mm
Solution Tank Capacity	25L
Recovery Tank Capacity	30L
Brush Motor	380W
Vacuum Motor	550W
Machine Size(L*W*H)	880*560*680mm

WALK-BEHIND FLOOR SCRUBBERS

Efficient Cleaning for Medium-Sized Areas

- ✔ SUPERMARKET
- ✔ HOSPITAL
- ✔ SHCOOL
- ✔ COMMERCIAL BUILDING

Applications

Retail Stores & Shopping Malls

Keep large retail floors dry, slip-resistant and tidy for visitors, maintain a neat commercial environment.

Warehouses & Logistics Centers

Easily clean concrete and epoxy floors, remove dust, debris and tire marks across spacious warehouse areas.

Restaurants & Cafeterias

Quickly eliminate oil stains, food spills and residues to keep dining halls and back-kitchen floors hygienic.

Office Buildings

Clean lobbies, corridors and public areas reliably, low-noise operation avoids disrupting daily office activities.

Hospitals & Medical Facilities

Suitable for sanitizing hallways and public zones, delivers clean, dry floors to support hygienic medical environments.

Factories & Workshops

Tackle industrial grime and dust on workshop floors, stable performance for regular heavy-duty cleaning work.

X40

WALK BEHIND FLOOR SCRUBBER

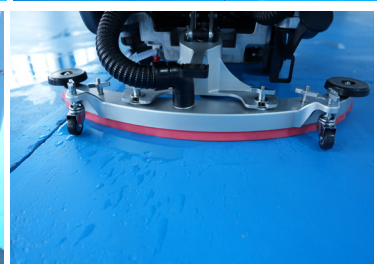

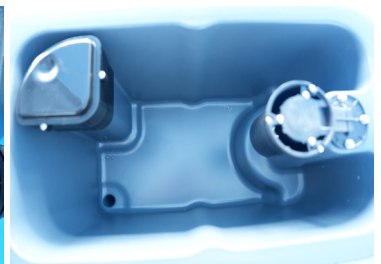

Suitable for medium area and daily commercial cleaning.

- ✓ Dual 150W brush motors deliver forceful scrubbing, ideal for floors subject to heavy soiling and high foot traffic
- ✓ 40L solution tank and 50L recovery tank support extended runtime without frequent water refills.
- ✓ 800mm wide squeegee combined with 500W powerful vacuum suction leaves floors instantly dry postcleaning.

Technical Specifications

Model	X40
Cleaning Width	550mm
Squeegee Width	800mm
Solution Tank Capacity	40L

X60

WALK BEHIND FLOOR SCRUBBER

Suitable for medium area and daily commercial cleaning.

- ✔ **550W high-power brush motor delivers strong scrubbing force for sticky dirt on warehouse and supermarket floors.**
- ✔ **Large 60L solution tank and 65L recovery tank support long continuous work, reduce frequent water filling and draining.**
- ✔ **800-mm squeegee with 500W vacuum motor picks up water thoroughly, leaves floors dry instantly to prevent slip accidents.**

Technical Specifications

Model	X60
Cleaning Width	510mm
Squeegee Width	800mm

X60

Self-Propelled

WALK BEHIND FLOOR SCRUBBER

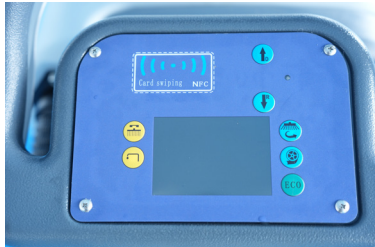

Suitable for medium area and daily commercial cleaning.

- ✓ 300W self-propelled drive motor reduces operator fatigue, no manual pushing required for long-time cleaning work.
- ✓ Compact body adapts to narrow aisles and tight corners, ideal for medium-sized commercial areas.
- ✓ 550W brush motor delivers strong scrubbing for tile, concrete and other hard floors.
- ✓ Integrated wash-and-dry function with 500W vacuum motor, floors become dry right after cleaning.
- ✓ 60L solution tank + 65L recovery tank for longer continuous operation; robust construction cuts long-term maintenance costs.

Technical Specifications

Model	X40
Cleaning Width	510mm
Squeegee Width	800mm
Solution Tank Capacity	60L
Recovery Tank Capacity	65L
Brush Motor	550W

Applications

WAREHOUSES & LOGISTICS CENTERS

Easily clean concrete and epoxy floors, remove dust, debris and tire marks across spacious warehouse areas. High working efficiency fits large-area daily cleaning tasks.

HOSPITALS & MEDICAL FACILITIES

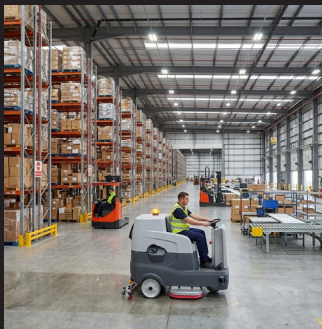

Suitable for sanitizing hallways and public zones, delivers clean, dry floors to support hygienic medical environments.

FACTORIES & WORKSHOPS

Tackle industrial grime and dust on workshop floors, stable performance for regular heavy-duty cleaning work. Large-capacity tanks reduce frequent water refills.

AIRPORTS & EXHIBITION HALLS

Handle high-traffic public floor cleaning efficiently. Large working width cuts down cleaning time for huge open spaces.

X70

RIDE-ON FLOOR SCRUBBER

Suitable for larger area and daily commercial cleaning.

- ✔ Compact ride-on design with 500W driven motor, high efficiency for medium-to-large areas and greatly reduces operator fatigue.
- ✔ 550W brush motor delivers strong cleaning power for concrete, tile and epoxy floors.
- ✔ 70L solution tank & 80L recovery tank support long continuous cleaning cycles, minimize water refill frequency.
- ✔ 800mm squeegee matched with 500W vacuum motor, wash and dry floors in one pass, no residual water left.
- ✔ Small turning radius, suitable for warehouses, supermarkets, workshops and shopping malls with narrow passages.

Technical Specifications

Model	X70
Cleaning Width	550mm
Squeegee Width	800mm
Solution Tank Capacity	70L
Recovery Tank Capacity	80L
Brush Motor	550W
Vacuum Motor	500W

X110

RIDE-ON FLOOR SCRUBBER

Suitable for larger area and daily commercial cleaning.

- ✔ **Powerful 650W drive motor for smooth riding operation, perfect for large-area cleaning and cuts labor cost dramatically.**
- ✔ **Dual 250W brush motors deliver strong scrubbing power for heavy-duty industrial floors.**
- ✔ **Extra-large tanks: 110L solution tank + 130L recovery tank for ultra-long continuous working time.**
- ✔ **Wide squeegee with 500W vacuum motor, completes washing and drying in one pass, leaves floor dry instantly.**
- ✔ **Suitable for big warehouses, logistics centers, large factories, shopping malls and exhibition venues.**

Driven Motor	650W
Machine Size(L*W*H)	1400*1000*1150mm

X160

RIDE-ON FLOOR SCRUBBER

Suitable for larger area and daily commercial cleaning.

- ✔ 800W high-power driven motor provides strong driving power for large-area heavy-duty cleaning, saves labor and boosts working efficiency greatly.
- ✔ Dual 550W brush motors deliver powerful scrubbing performance, handle stubborn dirt on concrete, epoxy and tile floors.
- ✔ Huge tank capacity: 160L solution tank + 180L recovery tank for extra-long continuous operation, reduce frequent water refill-drain cycles.
- ✔ 1200mm wide squeegee paired with 600W vacuum motor, washes and dries floors in one pass, leaves no water residue.
- ✔ Designed for large-scale industrial sites: big warehouses, logistics parks, large factories, airport terminals, exhibition centers.

Technical Specifications

FLOOR SWEEPER

Efficient Cleaning for Outdoor Areas

- ✔ **URBAN MUNICIPAL ROADS**
- ✔ **HIGHWAY ROADSIDE & CURB CLEANING**
- ✔ **LARGE INDUSTRIAL PARKS**
- ✔ **LOGISTICS PARKS & FREIGHT YARDS**
- ✔ **AIRPORT PERIPHERAL ROADS**

SW BR 105/52 C M

WALK BEHIND FLOOR SWEEPER

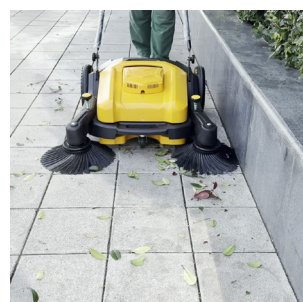

Suitable for medium area and daily commercial cleaning.

- ✓ Fully manual push sweeper, no battery, no motor, no electricity cost, easy to operate and maintain.
- ✓ 1050 mm wide cleaning path with dual side brushes, high efficiency for outdoor debris like leaves, dust, sand and litter.
- ✓ Light-weight 28 kg body, flexible to move on pavement, yard, parking lot and factory outdoor areas.
- ✓ Large dust bin for big-volume waste collection, simple emptying process.
- ✓ No noise pollution, suitable for parks, residential zones, streets and logistics yards.

Technical Specifications

Model	SW BR 105/52 C M
Cleaning Width	1050mm
Main Brush Width	400mm
Power Source	Manual
Machine Size	1050*1035*1300mm
Machine Weight	28kg

SW-BR 125-80 C

RIDE ON FLOOR SWEEPER

Perfect for narrow walkways, residential compounds, shopping mall parking lots and office building surroundings.

- ✔ Supports lead-acid and LiFePO₄ lithium battery for flexible configuration, meeting varied site usage requirements.
- ✔ Large 80L garbage bin plus 10L water tank, reduces frequent dumping and water refilling work.
- ✔ Powerful multi-motor system delivers stable sweeping performance for dust, sand and litter on hard pavements.

Technical Specifications

Cleaning Width	1250mm
Main Brush Width	500mm
Battery Capacity	48V 67Ah (Lead-acid Battery) / LiFePO ₄ Lithium Battery)
Side Brush Size	260mm
Side Brush Motor	180W
Main Brush Motor	550W
Working Efficiency	6000 m ² /h
Hopper Capacity	80L
Machine Weight	396kg
Machine Size	1600*1250*1300mm

SW-BR 150-140 C

RIDE ON FLOOR SWEEPER

Perfect for narrow walkways, residential compounds, shopping mall parking lots and office building surroundings.

- ✔ High working efficiency up to 11000 m²/h, ideal for large outdoor areas.
- ✔ Wide 1500 mm cleaning width, equipped with dual 300 mm side brushes and 785 mm main brush, handles dust, sand, leaves and gravel.
- ✔ 48V 100Ah battery pack delivers long continuous working time.
- ✔ 140L large waste hopper + 100L water tank for dust suppression, reduces dust raising during sweeping.

Technical Specifications

Cleaning Width	1500mm
Main Brush Width	785mm
Battery Capacity	48V 100Ah (Lead-acid Battery / LiFePO4 Lithium Battery)
Side Brush Size	300mm
Water Tank Capacity	100L
Main Brush Motor	1000W
Working Efficiency	11000 m ² /h
Hopper Capacity	140L
Machine Weight	640kg
Machine Size	1800*1500*1300mm

SW-BR 150/160 TW S

RIDE ON FLOOR SWEEPER

Suitable for industrial workshops, logistics yards, campus roads and community main streets.

- ✓ Fully enclosed cab design protects operators from wind, dust and bad weather for comfortable all-day working.
- ✓ Multiple side brushes deliver wide cleaning coverage, efficiently sweep dust, leaves and gravel along curbs.
- ✓ Large-capacity garbage bin reduces frequent waste dumping, great for long-time continuous cleaning tasks.

Technical Specifications	
Cleaning Width	1900mm
Main Brush Width	700mm
Battery Capacity	48V 150Ah (Lead-acid Battery) / LiFePO4 Lithium Battery)
Side Brush Size	300mm
Water Tank Capacity	100L
Main Brush Motor	1000W
Working Efficiency	13000 m²/h
Hopper Capacity	180L
Machine Weight	625Kg
Machine Size	2100*1900*1900mm

SW-BR 205-180 R P

RIDE ON FLOOR SWEEPER

Suitable for industrial workshops, logistics yards, campus roads and community main streets.

- ✓ Heavy-duty body structure, suitable for tough working conditions with gravel, leaves and heavy dust.
- ✓ Fully enclosed sound-insulated cab lowers noise, delivers comfortable driving experience for long-shift operation.
- ✓ Extra-large garbage hopper capacity, minimizes dumping frequency for large-area cleaning such as municipal roads and big industrial parks.

Technical Specifications	
Cleaning Width	2050mm
Main Brush Width	700mm
Battery Capacity	48V 150Ah (Lead-acid Battery) / LiFePO4 Lithium Battery)
Side Brush Size	300mm
Water Tank Capacity	160L
Main Brush Motor	1000W
Working Efficiency	14000 m²/h
Hopper Capacity	180L
Machine Size	2400*2050*2300mm

SW-BR 210-180 R

RIDE ON FLOOR SWEEPER

Suitable for industrial workshops, logistics yards, campus roads and community main streets.

- ✓ Integrated sweeping, vacuuming and water spray function, suppress dust effectively to avoid secondary dust pollution.
- ✓ Full-view enclosed cab with multi-LED working lights, ensures safe operation at night or low-light environments.
- ✓ Large water tank and waste bin support long-time continuous cleaning for parks, factories and municipal roads.

Technical Specifications

Cleaning Width	1900mm
Main Brush Width	700mm
Battery Capacity	48V 150Ah (Lead-acid Battery) / LiFePO4 Lithium Battery)
Side Brush Size	300mm
Water Tank Capacity	150L
Main Brush Motor	1000W
Working Efficiency	15000 m²/h
Hopper Capacity	180L
Machine Weight	700Kg
Machine Size	2000*1900*2500mm

SW BV 245/240 R

RIDE ON VACUUM FLOOR SWEEPER

Ideal for municipal roads, large industrial parks, airport perimeter roads and scenic spots.

- ✔ Equipped with external vacuum suction hose, it can suck debris from ditches, corners and hard-to-reach spots beyond brush coverage.
- ✔ Integrated sweeping and high-power vacuum system, reduces flying dust for cleaner operation on municipal and park roads.
- ✔ Large enclosed waste compartment, ideal for heavy-duty long-time cleaning in public areas and large industrial zones.

Technical Specifications

Cleaning Width	2450mm
Vacuum Area Width	800mm
Battery Capacity	60V 240Ah LiFePO4 Lithium Battery
Side Brush Size	400mm
Water Tank Capacity	300L
Main Brush Motor	100W
Working Efficiency	30000 m²/h
Hopper Capacity	240L
Machine Weight	1765Kg
Machine Size	3600*2450*2200mm

SW BV 220/880 R

RIDE ON VACUUM FLOOR SWEEPER

Ideal for municipal roads, large industrial parks, airport perimeter roads and scenic spots.

- ✔ Hydraulic tipping waste bin, automatic unloading, no manual handling of garbage, save labor time.
- ✔ Full enclosed cab provides good protection for operators against wind, dust and bad weather.
- ✔ Multi-brush sweeping system works efficiently for dust, leaves and gravel, suitable for municipal roads and large industrial parks.

Technical Specifications	
Cleaning Width	2200mm
Vacuum Area Width	800mm
Battery Capacity	60V 300Ah LiFePO4 Lithium Battery
Side Brush Size	400mm
Water Tank Capacity	160L
Vacuum Brush Motor	5000W
Working Efficiency	30000 m²/h
Hopper Capacity	880L
Machine Weight	1765Kg
Machine Size	3500*2200*2100mm

SW BV 250/1200 R

RIDE ON VACUUM FLOOR SWEEPER

Ideal for municipal roads, large industrial parks, airport perimeter roads and scenic spots.

- ✔ Hydraulic tipping waste bin, automatic unloading, no manual handling of garbage, save labor time.
- ✔ Extra-large 1200L hopper and 600L water tank, supports long-duration municipal cleaning with far less frequent dumping and refilling.
- ✔ High working efficiency up to 30000 m²/h with 2500mm wide cleaning path, perfect for large-scale road sanitation projects.
- ✔ Hydraulic tipping hopper enables automatic unloading; powered by 60V 300Ah LiFePO lithium battery for stable long-shift operation.

Technical Specifications

Cleaning Width	2500mm
Vacuum Area Width	800mm
Battery Capacity	60V 300Ah LiFePO4 Lithium Battery
Side Brush Size	400mm
Water Tank Capacity	600L
Main Brush Motor	100W
Working Efficiency	30000 m ² /h
Hopper Capacity	1200L
